

We have several fun events coming up in November, and we still need a few more volunteers for Girls Ignite.

STEM Outreach Volunteer Opportunities

Girls Ignite

Wednesday, November 30: Girls Ignite at KCKPS Central Office from 8:30a to 12:00p [Sign up](#)
At these events, volunteers will be assigned to a station, which features an engineering discipline. The girls will rotate between the stations throughout the event to learn more about engineering. Volunteers will be given instructions on how to lead the activity at each table. Please contact [Alyssa Zimmerman](#) with any questions.

Job Shadow Volunteers

Throughout the year, we get several requests from high school students asking to job shadow an engineer for a day.

Please contact [Alyssa Zimmerman](#) if you are available or interested to allow a student to job shadow you at some point during the year. We are developing a contact list, so we can reach out to those interested when we get a specific request.

Upcoming Events
